Application for Graduate Study Checklist

GS Form 2
2014 - 2015

You may use the checklist below to help track your progress in the application process.

1.	**APPLICATION - Submit an application before the application program deadline.** Check program deadlines here: http://graduatestudies.byu.edu/content/programs	☐
2.	**ENDORSEMENT - Obtain an Ecclesiastical Endorsement.** Agree to Abide by Honor Code and receive an Ecclesiastical Endorsement. All applicants should start the process early to obtain an endorsement. All applicants need an endorsement interview with a bishop and a stake president (or local religious leader and BYU Chaplain) before your application can be fully considered. Start this process at endorse.byu.edu. You will need a BYU Net ID to request the endorsement. Please see online Net ID instructions: http://graduatestudies.byu.edu/content/application-checklist	☐
3.	**ENGLISH PROCIENCY REQUIREMENT** (International applicants and Permanent Residents only). Take the TOEFL or IELTS English Proficiency Exam and meet university minimums (http://graduatestudies.byu.edu/content/english-proficiency). Please note that some departments may have higher requirements.	☐
4.	**TRANSCRIPTS AND DEGREES.** Show evidence of a four-year bachelor's degree from a regionally accredited U.S. university – or the equivalent from a recognized international university—by the first semester of graduate study.	☐

U.S. Applicants:	International Applicants:
Send one set of official transcripts from all U.S. schools attended including undergraduate degree school. Current BYU students applying for graduate school do not need to send BYU transcripts. Former BYU students need not submit transcripts from other schools if BYU was the last institution attended in the last 10 years. U.S. schools can send electronic transcripts to gstranscript@byu.edu.	Send transcripts, mark sheets, diplomas, and graduation certificates to IERF ierf.org for a credential evaluation. Request a Detailed Report. They will provide us with a report that includes your degree equivalency, GPA, and coursework. Documents should also include English translations. ****NOTE:** International Applicants to **Chemistry, Chemical Engineering, or Electrical and Computer Engineering**, should upload UNOFFICIAL copies of transcripts, diplomas, and mark sheets in the Educational Background section of the application for initial review. You must submit the application for department review of your transcripts. Please do this before requesting an evaluation from IERF. Upon recommendation for admission, the evaluation fee will be paid by the department.

5.	**TESTS -** Take the appropriate tests as required by your program of interest. Select BYU as a recipient school for test scores and use BYU's institution code (R-4019 for TOEFL and GRE--tests by ETS). Unofficial test scores may prevent your application from being considered. Check with your program of interest at http://graduatestudies.byu.edu/content/graduate-studies-catalog to see what test they require, as well as what types of tests they will accept for admission.	☐
6.	**LETTERS OF RECOMMENDATION -** Request online letters of recommendation from three professors or professionals. They should know you and be able to evaluate your potential as a graduate student at BYU. Letters are sent electronically through the application. You will need the recommenders' names and e-mail addresses.	☐
7.	**STATEMENT OF INTENT -** Department websites may list specific instructions or requirements. The statement of intent provides information which is not included in your application or academic records and which may be useful to the admissions committee. Describe your educational and career objectsives and how graduate work will fit those goals.	☐
8.	**RÉSUMÉ -** Check the Resume section of the application to see if your program requires a resume.	☐
9.	**OTHER DOCUMENTS -** Complete any additional application materials that may be required by your department. This may include writing samples, research papers, art slides, audition tapes, interviews, etc. For specific requirements, contact your graduate department of interest.	☐

Check your Application Status *often to ensure that all items are received and that your application is complete.*
http://graduatestudies.byu.edu/content/check-application-status-0

INTERNATIONAL VISA REQUIREMENTS (upon admission, check here: http://graduatestudies.byu.edu/content/admission-information)

Your graduate program will review your application once all university and department requirements are met.
When an admission decision is made, you will receive an official email notification from Graduate Studies.

Guide for Applying to Graduate Studies

GS Form 1
2014 - 2015

UNIVERSITY REQUIREMENTS

All information and documents required for admission must be submitted, including transcripts from every institution attended. ***Note****: Incomplete information or falsification of information constitutes grounds for immediate dismissal and loss of all credit earned at BYU. Once the university receives application materials, those materials become the property of the university and are kept in the strictest confidence as required by university policy. Materials will not be returned to the applicant.*

An official letter of admission to graduate studies at BYU is sent from the Dean of Graduate Studies. Departments may recommend an applicant for admission, and Graduate Studies determines if the applicant has met all University requirements. If those requirements have not been met, admission will not be granted.

HONOR CODE COMMITMENT AND ECCLESIASTICAL ENDORSEMENT (Effective June 2013)

All applicants need an endorsement interview with a bishop and a stake president (or local religious leader and BYU Chaplain) before your application can be fully considered. Start this process early at **endorse.byu.edu**. More information about the honor code is also found on this website.

ACADEMIC CALENDAR YEAR 2014 - 2015		
Semester/Term	**Begins**	**Ends**
Fall	September 2, 2014	December 19, 2014
Winter	January 5, 2015	April 24, 2015
Spring	April 28, 2014	June 18, 2015
Summer	June 22, 2015	August 14, 2015

BYU NET ID INSTRUCTIONS

Current BYU students or previous applicants should enter their current BYU Net ID in the Personal Information section of the application. You have a Net ID if you have previously applied to or attended BYU. If you do not have a BYU Net ID, you must create one before you save the Personal Information section.

The BYU Net ID allows you to check the status of your application, request an endorsement interview, register for classes, pay tuition, check your grades, change your address, and perform a number of other functions dealing with personal information. Please memorize your Net ID and password.

PLEASE DO NOT create a duplicate Net ID as it will significantly delay your application processing. Call 801 422-4091, if you do not remember your Net ID.

APPLICATION USERNAME

The application username is used to login to your online graduate admission application, view the decision letter, and indicate your intent to enroll. It is not the same as your BYU Net ID.

TRANSCRIPT AND DEGREE CRITERIA

To be eligible for admission, applicants must have a four-year bachelor's degree or an advanced degree from a regionally accredited college or university in the United States. If your school requests an email address for sending electronic transcripts, please have your school email them to "gstranscript@byu.edu."

The following accrediting organizations in the United States are acceptable:

Middle States Association of Colleges and Schools
New England Association of Schools and Colleges
North Central Association of Colleges and Schools
Northwest Commission on Colleges and Universities
Western Association of Schools and Colleges
Southern Association of Colleges and Schools

U.S. Applicants

Graduate Studies requires one official transcript from each U.S. college or university where college credit has been received, as well as any degrees that have been received.

Current BYU students applying for graduate school do not need to send BYU transcripts.

Former BYU students need not submit transcripts from other

schools if BYU was the last institution attended in the last 10 years

Official transcripts are those that are originals printed on security paper, signed and sealed, and come to Graduate Studies in a sealed envelope from the institution or are electronically delivered to Graduate Studies via a secure 3rd party method that has been verified by the sending university. Universities can send electronic transcripts to gstranscript@byu.edu.

International Schools and Transcripts

An applicant whose degree is awarded outside of the United States must submit all official transcripts, diplomas, and marksheets to IERF for an evaluation. Documents should also include English translations. The IERF report will include a degree equivalency, a comprehensive course-by-course evaluation, and a calculation of a grade point average (GPA). Applicants should request a Detailed Report.

International Education Research Foundation (IERF)
P.O. Box 3665
Culver City, CA 90231-3665
http://www.ierf.org

Applicants should request that an electronic report be sent directly to BYU Graduate Studies.

****NOTE:** International Applicants to **Chemistry**, **Chemical Engineering**, or **Electrical and Computer Engineering**, should upload UNOFFICIAL copies of transcripts, diplomas, and mark sheets in the Educational Background section of the application for initial review. You must submit the application for department review of your transcripts. Please do this before requesting an evaluation from an agency. Upon recommendation for admission, the evaluation fee will be paid by the department.

GRADES CRITERIA

All applicants are required to have a minimum GPA of 3.0 on a 4.0 scale (equivalent to a scholastic average of "B" for foreign credentials). U.S. GPAs are calculated from the last sixty (60) hours of upper-level course work. All course work prior to the bachelor's degree will be reviewed. If there were not sixty hours of upper-level courses, the most recent lower-level courses will be used to make up the difference. Post-baccalaureate and graduate courses are not used in GPA calculation. International GPAs are calculated using the entire course record of the bachelor's degree.

ENGLISH LANGUAGE PROFICIENCY

All international applicants must take the IELTS or TOEFL exam and satisfy the University minimum score requirements for admission.

Applicants who have received a four-year bachelor's degree from an accredited university in the U.S. may be exempt from this requirement. However, in order to qualify for the exemption, the degree must be less than two years old at the time of enrollment. Additionally, applicants who are citizens of or have received a four-year bachelor's degree from one of the following English-speaking countries are also exempt from this requirement: Australia, Canada, New Zealand, the United Kingdom, or the Republic of Ireland.

U.S. Permanent Residents (PR) are not waived from the English proficiency requirement unless they have met the criteria above.

Although a U.S. degree may exempt an applicant from the English proficiency exam, graduate departments may still require an applicant to take and submit exam scores.

MINIMUM SCORES ON ENGLISH PROFICIENCY TESTS	
IELTS	Total band score of 7.0 (minimum band score of 6.0 in each module)
TOEFL (Paper-Based)	580
TOEFL iBT	Total 85 (minimum score of 22 in Speaking; minimum score of 21 in Listening, Reading, and Writing)

APPLYING TO MULTIPLE PROGRAMS

Students applying to more than one program are required to submit a separate application and fee for each program, as well as a separate statement of intent and letters of recommendation. You must create a separate username for each application. If your Ecclesiastical Endorsement, test scores, and financial certification (for international students) are still valid, and the transcripts you submitted with your initial application accurately reflect all of the classes you have taken, new documents are not required. Otherwise, new documents must be submitted.

SUBMITTING YOUR APPLICATION

After you have submitted your application, please send all supporting documents that cannot be submitted electronically to Graduate Studies, Brigham Young University, 105 FPH, Provo, Utah 84602, USA. If supporting documents arrive before an application is submitted then they will be held for three months.

DEPARTMENT REQUIREMENTS

STANDARDIZED TEST REQUIREMENT

Most graduate programs require applicants to take the GRE, GMAT, or LSAT and submit test scores. Because this is a departmental requirement, applicants should check with the program for more detailed information on which test is needed. See the Deadlines page.

TESTS	VALIDITY TIME PERIOD
GMAT	5 years
GRE	5 years
LSAT	5 years
IELTS	2 years
TOEFL	2 years

Test scores must be reported to BYU directly from the testing agency. Without official test scores, the application will not be complete. Score reports are received electronically approximately two to three weeks after the test date. If the scores were not sent to BYU when the test was taken, the scores must be ordered and sent to BYU directly from the testing agency.

Test scores are valid for a specific period of time and will not be considered official if they are beyond the specified timetable above. The time period corresponds to the first day of the semester to which you are applying, not the application deadline.

SUBMITTING LETTERS OF RECOMMENDATION

Letters of recommendation are completed online by recommenders through the online application system. Applicants provide an email address for each recommender. An email notice with login information will then be sent to the recommender noting the applicant's request for a recommendation to a specific program.

Separate letters of recommendation are required for each program to which an applicant is applying. All letters of recommendation must be received by the application deadline.

VIEWING LETTERS

Family Educational Rights and Privacy Act (FERPA)

In accordance with the Family Educational Rights and Privacy Act of 1974, an applicant may waive his or her right of access to the letters of recommendation. Waiving this right of access to a letter of recommendation may allow the recommender to be more candid in his or her recommendation. Should an applicant choose not to waive this right, permission to inspect the letter of recommendation will only be granted if he or she is accepted for graduate study at BYU. If an applicant fails to specify, the right of access to the applicable letter of recommendation will be forfeited.

STATEMENT OF INTENT

All applicants must prepare a personal statement of intent for the application. This may provide information which is not included in the application or academic records, but that will be useful to the admissions committee in making admittance decisions. The applicant should identify the scholarly and/or professional contributions that he or she expects to make to the program. If there are special or mitigating circumstances that should be brought to the attention of the admissions committee, they should be addressed in this letter.

INTERNATIONAL VISA REQUIREMENTS

All applicants who are not U.S. citizens or U.S. permanent residents must complete the following requirements in order to obtain a Visa document, regardless of whether they are already in the U.S. or still in their home country.

PROOF OF SUFFICIENT FINANCIAL ABILITY

Master's applicants must provide proof of sufficient funds to cover expenses for two years. Doctoral applicants must provide proof of sufficient funds for three years.

Applicants are required to indicate the amount of anticipated yearly funding (and each source) in the online Visa + Financial Information page. If parents or other persons will be providing funds to the graduate applicant, the amount pledged must be indicated on the Contract of Support (GS Form I-2). The benefactor must sign the Contract of Support and attach an official bank statement or tax return. The amount pledged by a parent or sponsor should not exceed 30 percent of that person's total income.

If a government or other agency is providing funding, applicants must list the name of the agency online and send official letters verifying the amount and duration of the award on official letterhead.

If the graduate department offers full or partial funding, the department will submit notice of funding to Graduate Studies directly.

Marriott School applicants who intend to receive the CIS scholarship must submit the CIS application (GS Form 9).

Any change in circumstances that will affect an applicant's estimated yearly expenses (such as the addition of new dependents or changes in financial conditions) must be reported to Graduate Studies immediately.

TYPES OF ACCEPTABLE SUPPORT AND DOCUMENTATION FOR FINANCIAL CERTIFICATION

No document can be more than six months old when an I-20 is prepared.

Funds may come from any dependable source, including scholarships, fellowships, sponsoring agencies, personal funds, or funds from the applicant's family.

Documentation of scholarships and fellowships must be in the form of an official award letter from the sponsoring agency indicating the amount and duration of the award.

Documentation of personal or family funds must be on official bank letterhead, indicating the name of the account holder, the amounts of funds available, and the date the document was procured. Credit card statements and balances are not considered acceptable documentation of financial ability.

TRANSFER AND RELEASE OF SEVIS RECORD TO BYU

Applicants who are current F-1 students at another school (or at the BYU English Language Center) are required to submit a transfer form if accepted to BYU. The International Student Transfer/Release Form (GS Form 8) can be found on the Graduate Studies Web site. The letter must be completed and returned to Graduate Studies before a new I-20 will be issued.

PROOF OF U.S. VISA OR IMMIGRATION STATUS

International applicants and their dependents (if any) must present proof of their U.S. visa or immigration status to Graduate Studies at the time of application.

The following list indicates what documents are needed in various immigration categories and if financial certification is required:

U.S. Permanent Residents: A Permanent Resident Card, an Employment Authorization Document [EAD] that has a category number ending in "09," and a form I-797 (Notice of Action for I-485) is required. Financial certification is not required.

Dependents who are U.S. citizens: A U.S. birth certificate, the biographical page of a U.S. passport, or a Certificate of Naturalization is required. Financial support may be reduced for applicable dependents.

Current F-I: Forms I-20 and I-94 are required. Financial certification is required.

Current H-1: An employer letter, form I-94, or form I-797 (Notice of Action for I-485) is required. Financial certification is not required.

Current H-4: Form I-797 (Notice of Action for I-485) is required. Financial certification is not required.

Asylum and refugee status: Form I-94 with appropriate stamps indicating status is required. Financial certification is not required.

NOTE: Any 'B' or tourist visa holder must return to their home country to obtain the appropriate visa if they are admitted.

For more information about the visa process, please contact International Graduate Admissions at 801-422-7367.
